

Are you an early-career scientist or professional working in the public or private sector who would like to understand more about climate services?

Join us to get hands-on with climate services at the second EUPORIAS

Climate Services Masterclass

Bolzano/Bozen, Italy, 16th – 20th May 2016

OUR FOCUS TOPICS FOR 2016 ARE:

Health

Water

Food security

During this interdisciplinary masterclass, you'll get to discuss the latest advances in climate services with some of the leaders in the field and be inspired by speakers from disciplines as diverse as data visualisation and psychology. Supported by experts and working in teams, you will also be challenged by *real* users of climate information to develop a prototype climate service for them, building on the knowledge and skills shared during the masterclass.

Venue

EURAC, Viale Druso, 1 / Drususallee 1
39100 Bolzano / Bozen – Italy

Registration fee: €120

Application deadline: 29 April 2016

The on-line application form can be accessed at <http://www.euporias.eu/second-masterclass-registration>
Contact: management@project.euporias.eu

Feedback from the 2015 masterclass

<https://storify.com/matteodefelice/euporiasmc15>

- 100% of students rated the masterclass as 'Above average' or 'Excellent'
- 90% of students rated the location as 'Above average' or 'Outstanding'
- “....all days were intense and full with interesting talks....some other training schools lose intensity and interest by the end of the week and here there has been a good balance.”
